

The **smart** way to complete your canopy replacement project

At Canopies UK we do things a little differently, specialising in the local authority refurbishment sector, we offer a complete service nationwide. Taking ownership right from the start, you can relax in the knowledge you are in capable hands.

Survey: We are experts in canopy replacement projects, throughout our 26 year history you can be sure we've come across it all.

Manufacture: Our in-house design and manufacturing facility create products that are second to none.

Your new GRP canopies will be the highest quality and the perfect fit.

Supply: Our own fleet of tracked vehicles and drivers deliver our products nationally, every day.

Installation: Our expert team deserve their reputation. Fully trained and qualified your project will be in safe hands.

"Perfect **service** survey to handover"
