**WIRELESS SERVICES
CANNOT BE FULLY SUPPORTED
IN THE PRESENCE OF INTERFERENCE**

Our wireless system is compatible with 802.11a/n, please make sure you use a device that operates on the 5GHz frequency (802.11a/n), as this is less affected by the type of interference found in an exhibition space.

VAT number	<input type="text"/>
SUB TOTAL (excluding VAT)	£ <input type="text"/>
20% VAT	£ <input type="text"/>
TOTAL (including VAT)	£ <input type="text"/>

We do not accept American Express or Diners Card

Wireless Acknowledgment

(orders will not be accepted without an authorised signature below)

- ExCeL London deliver wireless network services (Wi-Fi) using our leading-edge infrastructure. We deliver the very best possible wireless connectivity, given the prevailing environmental conditions throughout the venue.
- All wireless services, regardless of location or service provider, are susceptible to Interference. This can lead to loss of connectivity, slow network traffic and poor performance.
- Currently, wireless technology is not capable of providing a guaranteed level of service (without a strictly enforced policy that maintains a clean airspace) in a challenging event environment which is affected by sources of interference that vary from event to event.
- Wireless services cannot be fully supported in the presence of interference.
- We will ensure that all of the ExCeL London wireless infrastructure is fully functioning, but cannot support beyond this point.
- Alternative fully-supported, cabled services are available from our standard order form.

I acknowledge and accept that any device I connect the ExCeL London Wi-Fi 5Ghz compatible and any ordered wireless services are subject to interference and cannot be fully supported. Refunds will not be considered due to the effect of interference or the device(s) being 5Ghz incompatible.
